SUMMARY

Experienced MERN Stack Developer adept at creating secure, high-performance web applications. Adaptable, communicative, and committed to exceeding expectations with exceptional digital experiences.

EXPERIENCE

Frontend Developer (full time)

snackBAE 📅 Present 📍 Kolkata

· **Crafted Dynamic Interfaces:** Leveraged **React.js and Tailwind CSS** for responsive and interactive user interfaces. From component architecture to state management, I ensured seamless interactions.
· **API Integration:** Successfully integrated APIs, fetching data to power our applications. Whether it was real-time updates or dynamic content, I made it happen
· **Collaboration and Code Reviews:** Actively participated in team discussions, collaborated with fellow developers, and contributed to code reviews. Learning from feedback was a key part of my growth.

Frontend Developer Intern

snackBAE 📅 Date period 📍 Kolkata

· Integrated frontend with backend for dynamic page implementation, ensuring seamless user interaction and data functionality.
· Designed and implemented interactive user interfaces for websites and applications.
· Created custom responsive designs that optimized the website layout for various devices.

PROJECTS

Plus Care

🔗 https://github.com/rg-rohit9431/Diversion2k24-PlusCare

Website for infant, pregnant lady and old man

· Integrated healthcare platform offering infant vaccination, prenatal support, elderly care, and one-on-one video consultations with doctors.
· Full-stack application utilizing React, Tailwind CSS, Node.js, Express, and MongoDB for authentication and database storage.

Eswachh

🔗 https://github.com/rg-rohit9431/WebWeavers

Website for e-waste management: locate centers, schedule pickups, reward users, educate, and facilitate responsible recycling.

· Directed frontend development, employing React, Tailwind CSS, HTML, and JavaScript to build dynamic, responsive user interfaces.
· Implemented dynamic features, optimizing performance and resulting in a 25% improvement in loading times.
