Technical Skills

Languages: C/C++, Javascript, Typescript, Python, Java (familiar)
Tools/Technologies: React.js, html/css, Tailwind css, Bootstrap, Node.js, Express.js, Sql, Mongodb, Socket.io, Redux-toolkit, OAuth, JWT, Git/Github, Postman, Axios, MySQL, Vscode

Experience

Snackbae   May 2024 – July 2024
Frontend Lead   *Kolkata, West bengal*
- Led a team in developing responsive web applications, resulting in increased user engagement.
- Collaborated with UX/UI designers and backend engineers to ensure seamless integration, contributing to a high customer satisfaction rate.

Snackbae   March 2024 – Apr 2024
Frontend Developer Intern   *Kolkata, West bengal*
- Created dynamic and responsive web applications using React.js, significantly enhancing user engagement and interface interactivity.
- Utilized Redux for efficient state management, resulting in improved application performance and scalability of the codebase.

Projects

Plus Care | *HTML/CSS, Javascript, React.js, MongoDB, Node.js, Razorpay, Git, VS Code*   link
- Developed a real-time healthcare application using Node.js, Express, MongoDB, and SDKs to facilitate doctor consultations, vaccinations, and prenatal support.
- Integrated a comprehensive healthcare platform that provides infant vaccination, prenatal care, elderly support, and one-on-one video consultations with doctors.

E-Swacch | *HTML/CSS, Javascript, React.js, MongoDB , Node.js, Mapbox, Git, VS Code*   link
- Served as the team lead for the Smart India Hackathon 2023, overseeing the design and implementation of front-end components.
- Created a website that offers a comprehensive solution for users to responsibly manage their e-waste.

Chatify | *React js, Javascript, HTML/CSS, Tailwind CSS,Node.js ,MongoDB*   link
- Engineered a real-time MERN chat app, featuring one-to-one and group chat, leveraging Socket.io,Node.js,Express.js, React.js, and MongoDB

Education

Heritage Institute of Technology, Kolkata   2021 - present
Bachelor of Technology in Information Technology (GPA: 8.5 / 10.00)   *Kolkata, West Bengal*
- **Relevant Coursework:** Data Structures and Algorithms (C++), Object-Oriented Programming, Web Development, Computer Network, Operating System, SQL and Database Management

Achievements

- Collaborated in a 36-hour hackathon (Hack Heritage 2023), successfully completing a web development project; ranked in the top 30 out of 90 teams.

- Solved over 700+ problems on GeeksforGeeks and LeetCode, attaining a 1500+ rating on both platforms. Demonstrated strong proficiency in data structures and algorithms, with a proven track record of delivering optimized, scalable solutions to complex challenges.

- Actively participated in community service through NSS, organizing blood donation camps and awareness drives to promote social responsibility among students.

- Actively participated in workshops and coding challenges to enhance my technical skills and expand my professional network.
